

DIPLOMACY

Vol.42, Mar./Apr. 2017

Contents of Features

- 61 **Independence of the Supreme Court and its involvement in politics:** Exploring the conservative and the liberal in the judiciary
U.S. supreme court has a definitive influence in problems that divide U.S. society, such as issues of abortion or gun control. President Trump has nominated Neil Gorsuch, a conservative judge, to the seat to manipulate the Supreme Court in his favor. However, the issue is not that simple. This essay analyzes the meaning of conservatism and liberalism within the judiciary.
Naoyuki Agawa (Doshisha University)
- 68 **Tragicomical Volkerwanderung of 4,000 personnel in Washington**
The change in Presidential political appointees are almost like a seasonal tradition. How did those who has bet on Mr. Trump, who was merely a fringe candidate, win their seats in the government? This essay looks at their origins and explores the future power dynamics among them.
Naoya Yoshino (The Nikkei)
- 72 **Jacksonianism in the Trump era:** Self-perceptions and foreign views of current U.S.
How far away is "Trumpism" from U.S. political and ideological universal values? By analyzing the framework of "Jacksonianism," an ideology said to be very close to that of "Trumpism," this article explores where President Trump and his policies are headed.
Satoru Mori (Hosei University)
- TREND 2017
- 84 **"Popular sentiment" determines ROK's political crisis**
Hideki Okuzono (University of Shizuoka)
- 88 **Beyond the "dual nature of nuclear disarmament":** Current status of the legal restrictions surrounding nuclear weapons and Japanese diplomacy
Nobumasa Akiyama (Minister-Counsellor for the Permanent Mission of Japan to the International Organizations, Vienna)
- 94 **New UN Secretary-General Antonio Guterres is facing "the most impossible task"**
Hajime Ozaki (Kyodo News)
- 99 **Possibilities of Latin American regional economic integration**
Yoshimichi Murakami (Kobe University)
- FOCUS **The world of international law**
- 110 **Struggles of the ICC: The key to success lies in international cooperation:** Thinking about the power of norms
International society dealing with grievous crimes over national jurisdictions. With on-the-ground knowledge of the International Criminal Court (ICC), this article looks at the achievement and problems of this grand "experimental" efforts of the ICC.
Kuniko Ozaki (International Criminal Court)
- 116 **The situation after The Hague Convention (the Convention on the Civil Aspects of International Child Abduction) has entered into force and its subsequent developments in Japan**
The Hague convention seeks to integrate international private law by stipulating how to prevent cross-border abductions and setting rules on visitations in the cases of international marriages falling apart. This article introduces its mechanism and proposes ways to effectively utilize this treaty.
Shinichiro Hayakawa (University of Tokyo)
- 122 **Between academia and practice:** Experiences of a scholar of international law engaged in practice
The frontlines of international law are a world of intense negotiations. Dr. Asada, who has been involved in world's nuclear disarmament and non-proliferation beginning with the NPT regime, as well as working as a Member of the Panel of Experts, 1718 Committee that dealt with UN sanctions towards North Korea, talks about the relationship between academia and practice based on his experience
Masahiko Asada (Kyoto University)

Special Feature:

The beginning of Trump administration

- 6 Cover Story Interview
Thinking about the world from the “Sustainable Development Goals”
Hiroko Kuniya (Anchor)
- 13 **Who are the key personnel that supports the Trump administration?**
Due to President Trump's lack of experience in public office, the work of his surrounding staff would be critical. However, the power dynamics within “Team Trump” is still opaque. This article attempts to draw an overall picture of the new administration's foreign policy from Trump administration's personnel appointments.
Kenneth R. Weinstein (CEO, Hudson Institute)
- 20 Roundtable: **Japan should play the role of a conduit to Asia**
The summit meeting between Japan and the U.S. has ended in a success, leading to the stabilization of Japan-U.S. relationship on the foreign and security policies fronts. On the other hand, we are still unsure how the relationship will be on the economic and trade aspects. The crucial point is for Japan, as one of the key countries of G7, to play the role of a conduit to Asia, connecting Trump's America to the world.
Mitoji Yabunaka (Ritsumeikan University) × Takashi Shiraishi (GRIPS) × Keiko Iizuka (Yomiuri Shimbun)
- 34 **The decline of “a great America” and two crises**
The rise of china is beginning to change the power balance between U.S. and China. Can the crisis that shakes U.S.-China relationship and the liberal order be evaded? Amidst change and crisis, what is the ideal form of Japanese politics and diplomacy?
Masahiro Obara (University of Tokyo)
- 40 **The improvement of relationship with Russia would only be a partial one**
U.S.-Russia relationship has worsened during the Obama administration. The Russian government had high hopes for the Trump Presidency, but once the administration has begun, improving the relationship turns out to be quite difficult, given the problems over Russian intervention in U.S. election and the situation in Ukraine.
Yu Koizumi (The Institute for Future Technology)
- 44 **Solidarity of NATO has begun to waver**
The tension that exists between the member countries of NATO, an alliance established as a “deal” between the U.S. and Europe, is one of the factors that irritates the core of Trump administration. The author analyzes the historical background of U.S. and NATO, looks at its functions, and address the future of this relationship.
Yoshikazu Hirose (National Defense Academy of Japan)
- 48 **“Global China” and the realignment of US-China relationship**
In truth, the prime benefactor of globalization has been China. As such, once Trump administration has strengthened its anti-globalism, a strange reversal occurred, with Xi administration becoming “the champion of free trade.” How will China construct its relationship with the Trump administration, characterized as an “uncertainty” in China?
Chisako Masuo (Kyushu University)
- 52 **Will Saudi Arabia's distrust towards the U.S. be dispelled?**
What will be the new administration's Israel policy? What of its responses to the Syrian civil war? Will it take a stronger stance towards Iran? Saudi Arabia, with its remaining legacy of negative relationship with the U.S. under the Obama era, is currently anxiously waiting for Trump's Middle East policy to take shape.
Sadashi Fukuda (Institute of Developing Economies)
- 56 **Marriage of convenience?** Tensions between President Trump and Republican-controlled Congress Republicans have taken the Presidency, the House, and the Senate. While it seemed like the “Spring has come,” discord can be heard from the inside. Based on new power balance in the legislature, this article interprets the tense relationship between the Republican-controlled Congress and President Trump.
Robert Tomkin (Congressional Quarterly)
